

Frozen Parody

Lit white snow on the mountain tonight
No visible legs
Discrimination law
Is probably the queen.

Rotating, the wind is howling storm
They cannot do that, God knows I've tried.

Do not let them, do not let them see
It is always a good girl
Hide, do not feel, do not know
Well now you know!

Give up, give up
You cannot do it back in
Give up, give up
Tune in and slam the door

You do not care
What you're saying
Let us very angry
Cold never bothered me!

It's funny how certain distance
How small is everything
And the fear is that once guided me
They do not know me at all!

Now is the time to do
limitations and improvements, challenge
Well, ok, I have no power, I am

Give up, give up
I am the wind and the weather
Give up, give up
Will never see me cry!

For it
We will stay here
The storm is raging...

Flurries of my ability, in the air into the ground
My large circle fractal freezing
Explosive idea is crystalized ice
I never will go back
The past is the past!

Give up, give up
On the rise for radiation
Give up, give up
It runs perfect woman!

I'm here
The light of day
Let us very angry,
Cold never bothered me anyway!

Frozen Original

The snow glows white on the mountain tonight
Not a footprint to be seen
A kingdom of isolation,
And it looks like I'm the queen.

The wind is howling like this swirling storm inside
Couldn't keep it in, heaven knows I tried!

Don't let them in, don't let them see
Be the good girl you always have to be
Conceal, don't feel, don't let them know
Well, now they know!

Let it go, let it go
Can't hold it back anymore
Let it go, let it go
Turn away and slam the door!

I don't care
What they're going to say
Let the storm rage on,
The cold never bothered me anyway!

It's funny how some distance
Makes everything seem small
And the fears that once controlled me
Can't get to me at all!

It's time to see what I can do
To test the limits and break through
No right, no wrong, no rules for me I'm free!

Let it go, let it go
I am one with the wind and sky
Let it go, let it go
You'll never see me cry!

Here I stand
And here I'll stay
Let the storm rage on!

My power flurries through the air into the ground
My soul is spiraling in frozen fractals all around
And one thought crystallizes like an icy blast
I'm never going back,
The past is in the past!

Let it go, let it go
When I'll rise like the break of dawn
Let it go, let it go
That perfect girl is gone!

Here I stand
In the light of day
Let the storm rage on,
The cold never bothered me anyway!
